

Tactical Tendencies in Football

1

Actively involving the goalkeeper

2

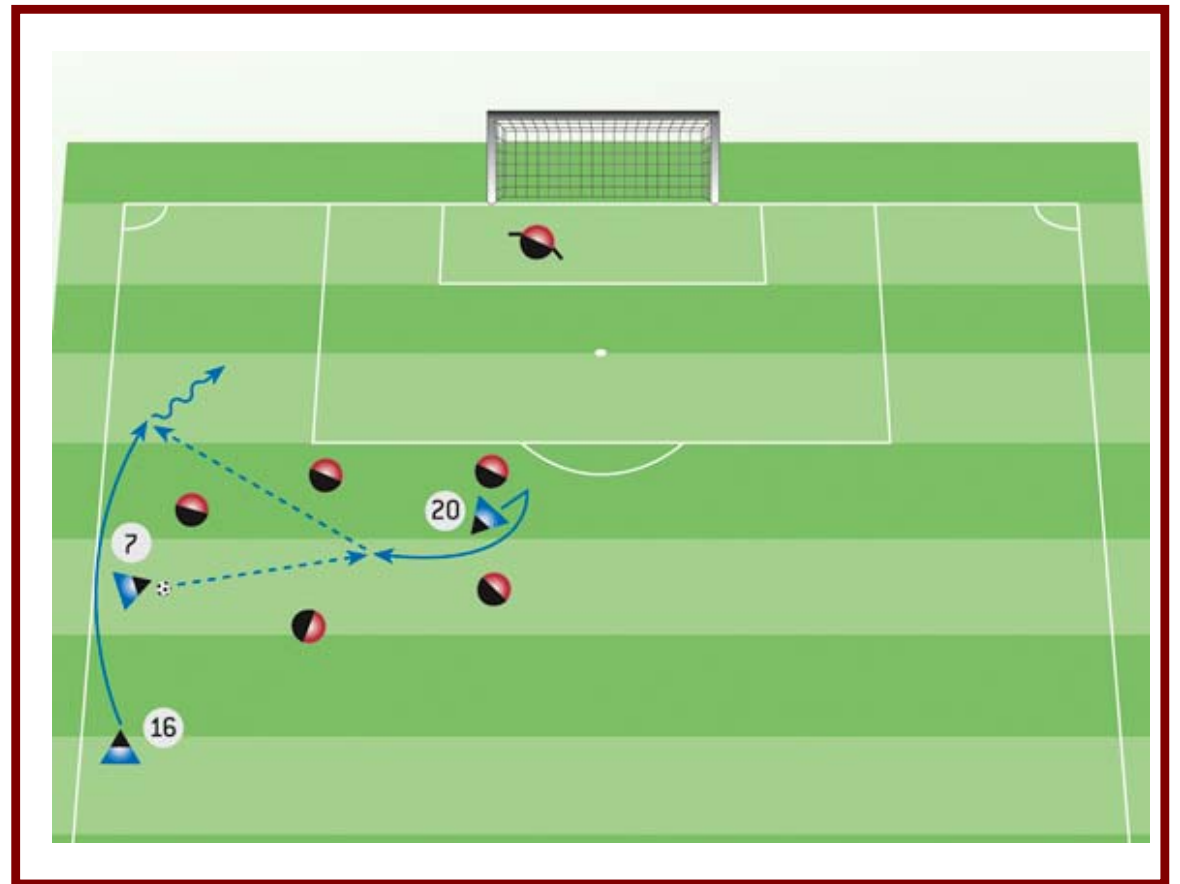

Initiation of attack by the central defenders with a low pass into midfield

3

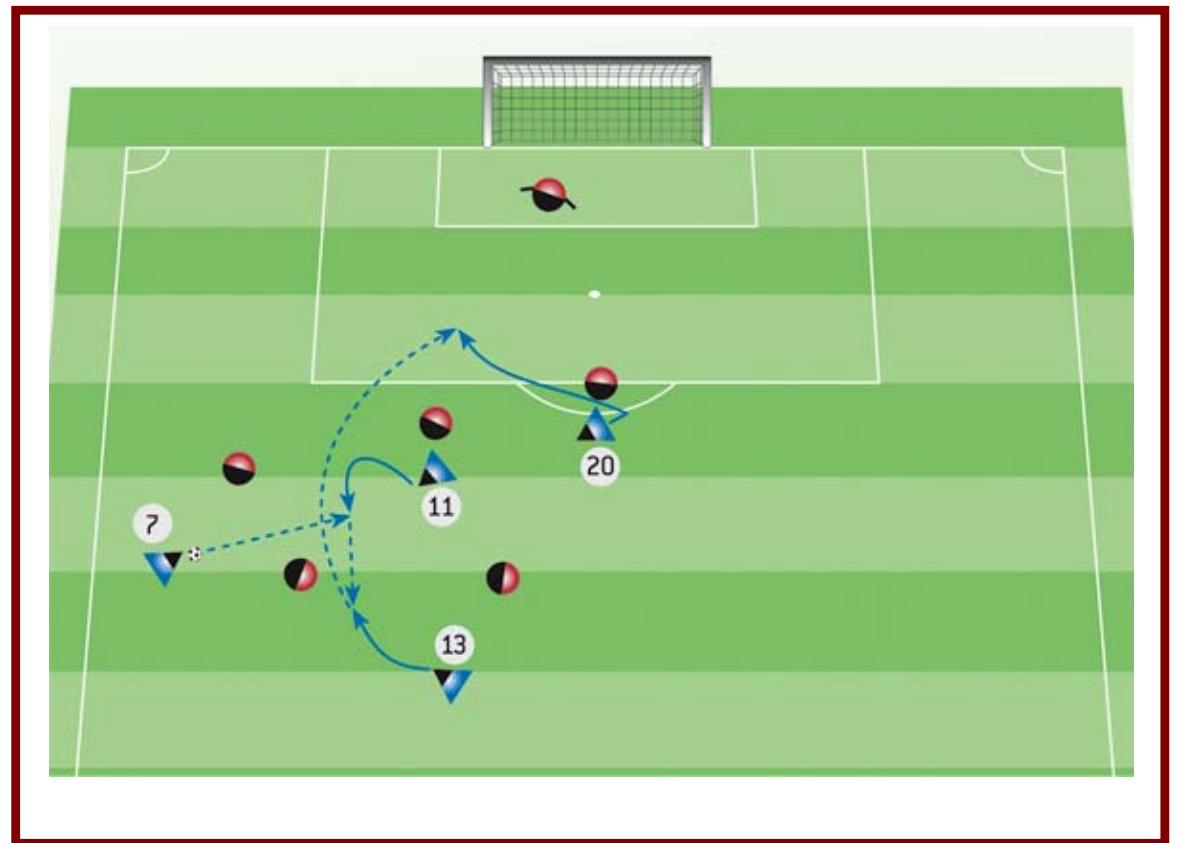

Active involvement of the outside backs past half-way line

4

Variety of attacking strategies through the center or using the wings

5

Individual forms of attack together
with combination play

Principles of play (without ball-possession)

1

Keep the distance in length and width

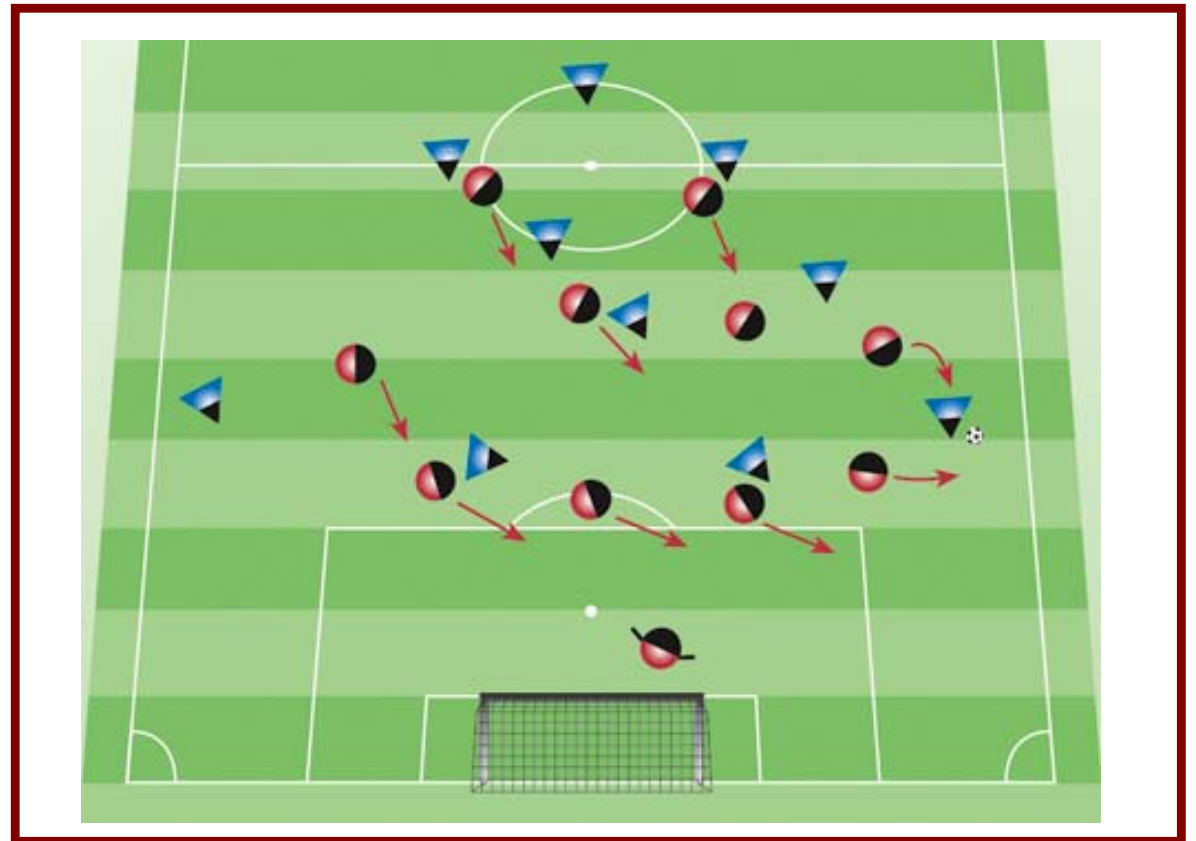

Principles of play (without ball-possession)

2

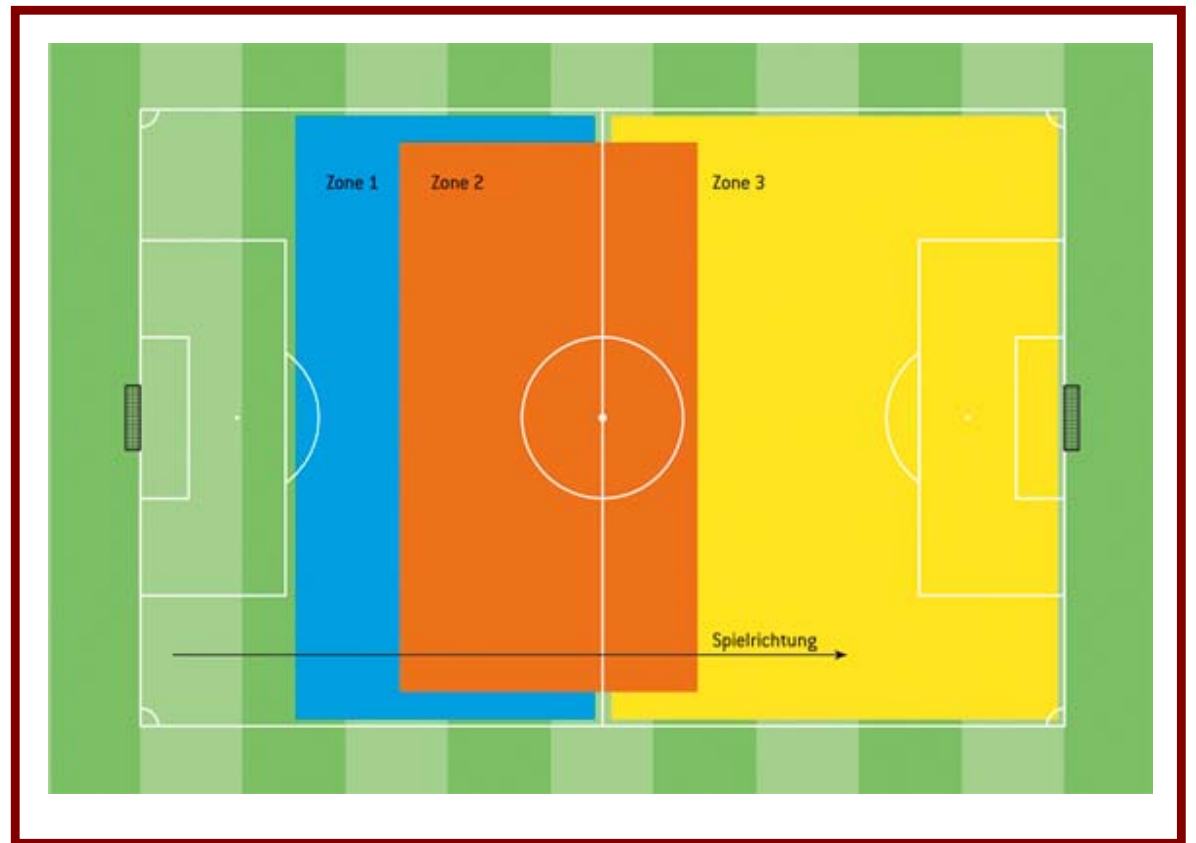

Shift to the ball-side in compact shape

3

Adjust the line of pressure in
dependance of depth

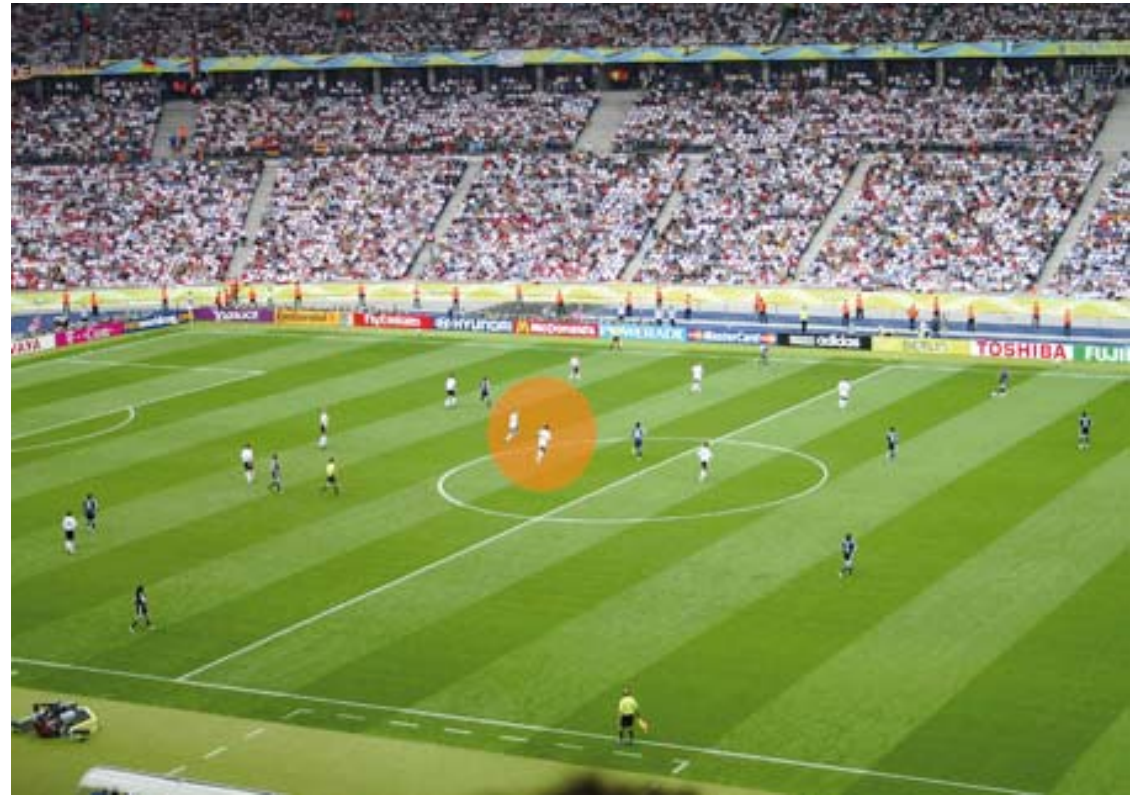

Principles of play (without ball-possession)

4

Close down the center – force the opponent's attack to the outside

Principles of play (without ball-possession)

5

Do not force the offside-trap – don't permit penetrating passes
